Student Unit Verification:

I understand that any units that are ADDED or DROPPED, which change my new total of units attempted during this term may affect any previous financial aid plan that has been established with the Student Accounts Office and the Student Financial Aid Office. In order to receive financial aid, I must be registered for 12-16.5 units. Any units over 16.5 units will accrue additional fees; furthermore, any changes that cause units to drop below a full-time status (12 units) my aid will be adjusted to reflect the reduction in units.

Student Signature _____ Today's Date: _____

Part II. Student Accounts

I certify that the unit changes have been noted and changed on the student's account. The student has been informed of the charge changes, discount changes and scholarship changes.
