Dear Gene Edelbach:

California Education Code (Ed Code) section 94932.5 and Title 5, Division 7.5 of the California Code of Regulations (5, CCR), section 75200, require the Bureau for Private Postsecondary Education to conduct compliance inspections for each of its approved institutions. All minor violations detected during an inspection and not corrected before the end of the inspection are documented on a Notice to Comply. The institution is then provided 30 days to remedy the violations and demonstrate compliance.

During your institution's unannounced inspection on January 31st, 2019, no minor or material violations were detected. As a result, no further response from the institution is needed.

Please be advised, in accordance with the California Education Code (Ed Code) section 94932.5 the Bureau for Private Postsecondary Education is required to conduct announced and unannounced compliance inspections for each of its approved institutions at least every five years.

Although the compliance inspection was thorough, it cannot be assumed to be all-inclusive. The absence of comments or findings regarding institutional practices, policies and procedures shall not be construed as acceptance or approval of those procedures or practices. Further, the absence of such comments or findings does not limit or lessen an institution's obligation to comply with the provisions of the California Private Postsecondary Act of 2009 and the regulations adopted thereto.

Should you have any questions, please contact Jason Alley directly at (916) 246-3902 or Jason.Alley@dca.ca.gov. Your anticipated cooperation is greatly appreciated.

Sincerely,

Nicole Mitchell
