

CNA Program California Preparatory College & Adventist Health

About California Preparatory College

CPC is a new and innovative Christian, junior college. Its entrepreneurial growth model values affordability, small local campuses, marketable education pathways and student focused service. CPC's growth vision includes expanding its online curriculum and planting campuses throughout California and beyond.

Regionally accredited by the Western Association of Schools and Colleges Accrediting Commission for Community and Junior Colleges and in its 14th year of providing healthcare education, CPC has a history of placing hundreds of nurses and healthcare workers into the California healthcare system.

CPC's Core Principle of a Christ-centered curriculum is practiced by providing dedicated faculty and staff, a dynamic student life program, a commitment to service, and the integration of a Seventh-day Adventist belief system and culture that guides administration, staff and students in seeking excellence in all that they do.
